

Copy 3 of  
25X1

29 March 1956

Dear Joe -

During the Suppliers Meeting, 1 March 1956, a request was made for up-to-date specifications and photographs of the various prices of equipment being produced for the project. If you have not already done so, would you please make arrangements to get this material to us. It is being used to prepare a "briefing book" which is urgently needed at this time.

Thank you,

George
